Sarah Hogner started this petition to Oklahoma State House and in Sallisaw, Oklahoma Arbitrator Charles R. Greer ruled that a former police officer named Billy Oliver should be reinstated as long as a judge modifies a protection order against him.

this protection order states that oliver represents credible threat to a child or physical partner and the protection order was filed in March 2020.

On June 7th 202, Oliver administrated a chokehold outside of his training. there is audio and video recording of this incident.

he was placed on paid leave in June of 2020 and he was fired from the police department for "poor conduct" in November 2020

arbitrator Greer states that oliver's actions were just "not bad enough to justify firing him"

In February 2021 Oliver was arrested for Rape. The victim states that this attack took place 3 days before Oliver was fired, he choked her until she lost consciousness, and assaulted her repeatedly.

Oliver turned himself in saying "I must have been pretty goddamn impressive."

Today, September 15th, 2021 it was revealed that Oliver is being considered for reinstatement.

Help me stop this from happening.
