CHOCTAW COUNTY, OK -- We're learning more about the arrest of a Boswell reserve officer over the weekend.

Allen Golden was arrested for Grand Larceny by OHP Troopers Friday afternoon after they say he pocketed some money that a woman had in her purse when she got pulled over for suspected DUI in Choctaw County

Troopers say they noticed \$2.00 missing from the woman's purse during their inventory of her arrest and that Golden told them he had put it in his pocket for safe keeping.

That's when they say they contacted the DA's office and were told to arrest Golden.

Jail staff say Golden spent Saturday in the hospital after suffering a heart attack while in the Choctaw County Jail.

He was released from the jail Sunday on his own recognizance.

There's no word on if he got to keep his job.
