Hello,

Is there any way you can call me today? I am free all day, except for 3:00-3:30. There is a lot we need to cover.

Next week: I am available Monday (just not 945-11) and all day Tuesday. I have my surgery Wednesday.

I have more things.

If I was given the folders/files like Sylvia says she thinks I did, why would I be asking for them? I would be using them to find the invoices I need.

Regarding the websites that the county attorney was trying to get into. The following are websites that were listed as having no purchase history found. I have found invoices and they were provided to you:

Better World books- with using the PVLA credentials, I was able to locate 1 invoice for \$8.14. You already have that invoice. 10/27/21

HP.com- I used the PVLA email, but I did not have the correct password, so I was not able to get in, however you have been provided with the invoice for check #3900. The invoice is dated 3-31-22- you have it listed as Dell, when it should be HP.

Newreaderspress.com I logged in using PVLA credentials. There is one order- and that is for the \$5522.10 grant. You were provided that info. I used my CCC email credentials to log into that website to order so I could get discounts from CCC. I have seen invoices from them.

Zoom.com- There are 3 invoices for I made 3 separate payments during COVID

I don't know what they were looking for in the websites. I found invoices. There are also many more websites that I could get into.

Motherboard Recycling: <https://www.motherboardrecycling.org/> Back in April 2020 PVLA, Cargill Learning Center and Centro Hispano rec'd a grant from Governor Ricketts' wife for refurbished laptops. If you go to the website- I, along with Centro Hispano are literally on the front page. I posted about it on April 21, 2020 and April 23, 2020 on the PVLA Facebook page. Anyway, that is how I heard of this company. A few months later, I applied for and got a grant for \$7062 to purchase more laptops. (Facebook Oct 12, 2020) This amount was a quote from Motherboard. If I remember right, I paid them in increments as the laptops became available. ALL of that paperwork is in the filing cabinet (at least it should be) with all of the serial numbers.
