Shouldn't you have been present when the laptop was given to the county attorney? Why did he get access to it and you /I did not?

You really need you to believe in me, and go to bat for me. I hired you to help me and to prove my innocence. I have been asking for the invoices and paperwork since day 1. I have asked you to speak with Sylvia and/or Kelly since day 1. Here we have a week left and all of this is finally coming to the surface. I have told you that the paperwork exists, and you didn't seem to believe me. Look at all I have found. Again, look what I COULD find if I was given access to the laptop and if PVLA provides me with the paperwork that I have been requesting.

I have found over 80% of the funds. I could find the majority of what is left if, once again, I get the invoices I have requested

The theft charge alone is for \$56,482.62. I have found \$64,795.80 for a difference of \$7833. This does not include the 2022 invoices that I have not been reimbursed for. Is PVLA going to reimburse me?

Again, they have proof that I have not benefited in any way from these funds. These invoices do exist for I was going over them with Strecker on the recording!

I have proof that I did not work nor get paid for 30 hours a week. All that needs to be done is check the emails I sent to the accountant, or look at check stubs.

If I am not provided access to the laptop and/or the 2022 invoices and check stubs, 2018 invoices and check stubs, and 3 folders I have been requesting- these charges NEED to be dropped! I WILL go to trial!

Again, I have had 2 continuances for us to get all everything we need. 1 week left until the status hearing and I am still waiting!

I have surgery Wednesday morning, so I will be unavailable all day Wednesday.
