Hello,

First of all I felt rushed and pressured into signing the agreement. I mean, you told me at 2:00 and I had until 3:00 to make a life altering decision.

That being said, This afternoon, I had a chance to read over the last plea agreement from April since I have not rec'd the current agreement. I would like to discuss the option of a restitution hearing. I know now that by signing the agreement, I waived my right to a restitution hearing.

Is there anyway I can get one? I do not believe that the amount of \$105k is fair, and I would like to be able to plead my case on that.

That being said, I know it's too late now, but I feel this should have be pushed more:

You said that we have to prove the files I have asked for exist- **You can hear me on the recording talking about 2022 invoices. I mentioned Leadership Columbus Breakfast receipt for yogurt and stuff.**

Strecker's narrative from 7-7-22 discusses the 2022 checks and receipts. So, here is the proof we need.

Regarding 2022 invoices- Why was Sylvia able to send over invoices from January 2022 when she said she did not have them? Where are the rest?

You mentioned that we could subpoena PVLA for the invoices and files. WHY wasn't that done?

Thank you
