Hey good morning Sgt. Webster attached is the letter you sent me and the complaint letter I submitted. Sgt. Webster, you and myself sat side by side and watched the video cameras together. The video clearly depicts the officer being rude, lazy and then holding a suspect for a longer period of time for code enforcement to respond. I know personally for going on several ride alongs with the Madera Police Department that Police Officers can and shall issue city ordinance citations.

The officer held the suspect for over 30 min for a city violation that's clearly illegal detainment. Like I explained in person "a police officer can not hold a suspect for an extended amount of time because a K9 officer is tied up and they want to search the car" Now in this case it was clearly an illegal detainment because the officer just wanted to wait for code enforcement the call long I received is very clear the officer said have a good day then went 10-8 NRT meaning the officer went back into service with no report taken.

Then I spoke to Sgt. Aniya who then called Officer Hernandez told him to write the cite. While speaking to Officer Hernandez it was very clear he didn't want to hear anything I had to say nor did he want to do his job. There are several policy violations and illegal detainment and you come back with UNFOUNDED but what is unfounded you didn't explain anything or state what was unfounded just that it falls under frivolous complaint. First of all this is the first complaint I have ever filed let alone filed against Officer Hernandez.

No way this could fall under such an issue as frivolous. I would understand if I have sent in several complaints. Sgt. Webster after sitting right next to me you still say EVERYthing was unfounded that just means the GOOD OL BOYS cover up do as I say not as I do!!! I just hope your mother doesn't live in the city because if she does I hope it is Officer Hernandez to respond to her call and treat her just like he treated me.

I hate to say that but you stated in your investigation the complaint was unfounded. You lack integrity and continue to just push the GOOD OL BOY system in the city of Madera and cover up issues that should have been fixed from the beginning. We don't need a bunch of asshole cops who don't even live in our city. I was not asking for anyone to be terminated or written up or anything of that sort. I asked for that Officer to be talked to because he was basically an ASSHOLE bottom line.

Well Sgt. Webster thank you for your reply was bogus. You must have fallen asleep while we were watching the body cam footage. I am now going to file a BRADY Complaint against you for lacking integrity during your investigations. Thank you for your time.

Donald Brown
